

Endowment Fund News

In October 2016 we established the Virginia Kennedy Endowment Fund. The membership responded enthusiastically and due to the generosity of several of our members, we have a promising start on our goal of \$250,000 to cover communication and maintenance expenses.

If you drive by the Meeting House you will see your donations in action. We have repaired and repainted shutters, reglazed, painted and washed windows, Washed the building, and restored the damaged historic sign. Future work entails painting the exterior of the building and repairing the ceiling.

In keeping with our vision:

*to conserve the Center Meeting House for future generations
and to make it a center for activities
that will unite and enrich our community,*

this past year the Meeting House has been the site for: The Saturday Speaker Series, a wedding, two church services, Thanks-for-Giving, book reading and signing, Old Home Day Open House, Newbury Historic Society meeting, Halloween event, December Tree Lighting and next year, the wonderful and free program in cooperation with New London Hospital,

"Here's to your Health!"

To help us continue this work, your gifts may be made in cash or securities and are tax deductible as allowed by law.
